

# Sulzbacher Center ANNUAL REPORT

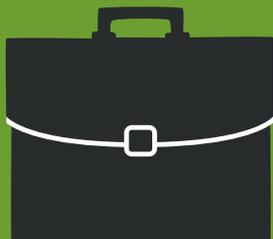

*The Way Home*

THE SULZBACHER CENTER WORKS DILIGENTLY EVERYDAY to help the homeless individuals and families in Jacksonville gain independence and self-sufficiency. By providing wrap-around services and resources, such as access to healthcare and job skills training, our residents find the confidence and self-esteem needed to succeed. Your support of the Center offers them hope and helps them find *the way home*. The Center's impact on the community is spelled out below in our Annual Report for FY 2014-2015.

**1,524**

President & CEO

Sincerely,

The 2014-2015 fiscal year saw ongoing evolution in The Sulzbacher Center's operations, programs and services. Thanks to our many supporters, volunteers, valued funders and dedicated staff, we have accomplished much, including:

- More than 500 individuals and families were moved into permanent housing.
- Our Federally Qualified Health Clinics (downtown and the beaches) provided more than 30,000 unduplicated patient visits for primary care, dental and behavioral health services.
- We served more than 560,000 meals to those hungry in our community.

Women and families continue to be the largest growing segment of the homeless population and represent the majority of the Center's residents. At any given time throughout the year, at least two-thirds of our residents were women and children. At times, we have had up to 120 families on our waiting list.

With your ongoing support, we will continue to overcome challenges, develop new collaborations and partnerships and find new and additional ways to help our community's most vulnerable citizens. We won't settle for anything less.

Dear Friends,
